

Mission Statement (E-1)

MISSION

The mission of the St. Francis School District is to provide a safe, progressive educational environment which maximizes the potential of each student. Educational programs consist of academic, social, civic and technological curriculums designed to prepare students for the challenges of their future. This mission statement is a reflection of the community's values and is accomplished through its support.

VISION

The vision of the St. Francis School District is to build an educational team that focuses on children. We will build a partnership with board members, administrators, teachers, students, families and the community that will embrace district-wide standards of excellence. We will endeavor to provide educational opportunities that equip individual students to maximize their talents and become productive members of society.
