REPORTS/ITEMS FOR DISCUSSION/POSSIBLE ACTION:

A referendum update was presented by Business Manager Kelly. Representatives from Eppstein Uhen Architects were present at the meeting to answer questions and provide additional information. The Board reviewed potential additional referendum projects that may be completed with remaining referendum dollars. Discussion ensued on the following proposed projects:

- The Board was presented with various designs on how to provide/prohibit public access of the High School during High School events without opening the entire building up. Questions arose as to what would be the best scenario for safety and supervision.
- Deer Creek Tunnel Repair - The proposed costing reflects the repair of the tunnel to ensure water proofing. No electrical or repairing of the interior of the tunnel is included with the proposed costs.
- Deer Creek Science Lab - The proposed costing reflects a duplicate model of the High School Science classroom. As the Intermediate School’s lab needs are quite different from that of the High School, the Board requested a revised downsized model and costing for the proposed Deer Creek Science lab.

Representatives from Eppstein Uhen will make recommended revisions and present projected costs at a future Board meeting.

Discussion ensued concerning proposed new Chapter 220 seats for the 2011-2012 school year and how the Chapter 220 Program impacts the tax levy. Seventy-five percent (75%) of the funds provide relief to the tax levy. The 2011-2012 Inter-District Voluntary Transfer Agreement was also presented for discussion in conjunction with the approval of new Chapter 220 seats. Upon motion by Mr. Boknevitz, seconded by Ms. Rutter, the motion to approve a total of 49 continuing and displaced Chapter 220 seats for the 2011-2012 school year with no new additional seats was unanimously approved. Upon a separate motion by Mr. Boknevitz, seconded by Ms. Rutter, the 2011-2012 Inter-District Voluntary Transfer Agreement was unanimously approved.

*All grades levels have additional wait lists.

The Board determined a limit of 36 new Open Enrollment seats at the 9th grade level. This is necessary in order to maintain class sizes in two required subjects, English and History, to no more than thirty (30) students per class. Based upon guidelines, the Board concluded that 89 new Open Enrollment seats with additional wait lists at all grade levels, along with providing additional seats for current tuition waivers, would assist in stabilizing the District’s enrollment. Upon motion by Ms. Rutter, seconded by Ms. Hemmer, the approval of 89 new Open Enrollment seats, with additional wait lists at all grade levels, along with providing additional seats for current tuition waivers was approved by Board Members Hemmer, Iwanski, Rutter and Mayer. Board Member Boknevitz voted nay.
